# cbc youth onboarding

16 August 2020

# Welcome to the group!

Our youth group is more than just something you attend, it's a place where you belong. We see this more than just commitment, it's community. And no, we're not perfect but we're trying to live in the grace of someone who is the example of perfection. Welcome!

We're happy to help you settle down and get started.

# Know the purpose

Get to know the purpose of this youth group

we exist to glorify God by discipling youth in Gospel truths & Gospel living. More than we want to have fun, more than we want you to connect to each other, more than we want to see how many cheetos you can stuff in your mouth, we want you to be transformed by the goodness of the Gospel so that you can take others along on this journey.

## Theological Foundations

We want you to build a good foundation of understanding biblical doctrines, basic theology, and how to study the bible.

## Community Formation

We want you to learn how to care, know, and love each other. We want you to be able to care for another on a more personal level.

# FALL Goals

## Dream Big

In a year where it's different and in a year where everything at our church is going to change, we want you to dream about what this youth group can look like.

# Community Guidelines

You decided to join this youth ministry and there are some house rules in order for you to thrive this year.

- Show up and be present
- Give grace & receive grace

# Basics

## Virtual Meetings

### Show up early.

Showing up a few minutes early helps everyone know that you care and that you're ready to go. This may mean setting some alarms.

### Cameras On!

We actually do want to see your face because we want to know that you care and that you're invested.

### Communicate

If you're going to be late or absent, please don't be a punk and just ghost everyone. Let the leader or someone know so they're not worried that you got killed by a poisonous lionfish. Answer and respond to your devices.

### Pay attention

I get it...you want to keep ranking up every waking moment. I get it, you HAVE to watch the last 42 tik tok videos. But just wait 61 minutes because maybe what you need most is someone to pour into your soul.

# Basic Human Skills

What you need to be a decent human being

## Eye Contact

Eye ball-to-eye ball. Very important. Eye see you!

---

## Ask Good Questions

No more of the "yes" or "no" questions.

---

## Answer with complete sentences

"Yuh", "Bruh", "Uh", and "Duh" will not fly here.

---

## Honesty. Good!

We give you extra bonus points if you're honest

---

## Thank you!

We're going to give you major credit for be polite and not being a selfish, self-centered narcissist.
